

KICK-START
YOUR CAREER
ABROAD,
TODAY.

ateam
health recruitment

Established in 1999, A-Team Health Recruitment are UK-based medical recruitment specialists. We are exceptionally experienced in helping European healthcare professionals advance their careers abroad.

We work with the UK and Ireland's most prestigious hospitals, as well as some of Europe's best-known public and private sector employers – in countries like Germany, France and Scandinavia.

We currently have a range of opportunities for Doctors (Residents and Specialists / Consultants) who wish to work in the UK and Ireland's major hospitals in the following areas:

1. Accident & Emergency
2. Anaesthesia & Intensive Care
3. General (Internal) Medicine
4. Psychiatry
5. Paediatrics
6. Surgery
7. Oncology / Haematology
8. Radiology
9. Geriatrics
10. Neurology
11. Medical Advisers

this is a role where doctors must gather information from patients who claim benefits. Doctors require about 5 years' experience working as a GP or in A&E (an all rounder).

12. Resident Medical Officer

working in private hospitals taking care of patients both pre- and postoperatively. A surgical background is required.

We also welcome applications from doctors from all other specialties. New positions become available on a regular basis. Please contact us if you meet the criteria below.

Requirements

- A very good level of English.
- At least 2 years of recent, post-graduate experience in one of the above-mentioned specialties.
- GMC / IMC registration complete or with registration in progress. If you are not yet registered, A-Team will assist you with all the required paperwork.
- A commitment to work in the UK / Ireland for at least 6-12 months.

Whether you're a Resident Doctor or a Specialist/ Consultant, we're dedicated to finding the ideal position to suit your requirements and experience. Contact us today to begin your next career move and access excellent earning opportunities!
